It was a great performance by our guitar group last week as they played before judges at the Rochdale

Well done to the whole group - a great team effort!

NEW PSHE CURRICULUM SURVEY

On Monday we sent out an information leaflet about the new Personal, Social and Health Education (PSHE) Framework which becomes statutory for schools in September. We are running a survey on this to find out which areas you have concerns about so we can look at how we can deliver them appropriately.

PSHE looks at all sorts of areas and is very important for children's social and emotional development and prepares them for the wider world.
