This week our assembly theme has been 'Be Co-operative' and it has been great to see lots of examples of children and adults doing this around school. After the half-term holiday, we are hoping to start our clubs again so will be asking pupils what kind of activities they want to do. Hope you have a great holiday and we'll see you all back on Monday 21st February.

Dodgeball Stars

Our Yr4 pupils were in action against other schools on Monday with a fantastic 'Glow-in-the-Dark' Dodgeball Festival.

Mr Straccia said, "It was a great event for the children to take part in – lots of fun and excitement. Our children did a fantastic job and represented the school really well".

Chicken Pox

We've had a number of children with chicken pox in school recently. This is an infectious disease which is not usually harmful to primary aged children but can be transmitted easily during the incubation period. If your child develops spots then the advice is to keep them at home until they are no longer infectious, which is until the last blister has burst and crusted over – looking dry not wet. If you do have any concerns, please contact school.

Parents Evening

Don't forget it's tonight so please make sure you're ready for the call – telephone or Zoom! Thank you for taking part!

Be a Superhero! Join the School Infection Survey

The government's Office of National Statistics has asked us to take part in this national survey to help learn about and therefore fight the Coronavirus. All pupil information is kept secret and the sample is taken from the pupil's tongue on a sponge so it's harmless!
